GASIM ALI SHAH

Renowned motivational speaker and corporate trainer Qasim Ali Shah visited COTHM's New Garden Town Campus where he was welcomed by COTHM Pakistan and Dubai Founder & CEO Ahmad Shafiq, COO Zaheer Ahmad, faculty, staff and students.

Qasim Ali Shah and Ahmad Shafiq pondered over the future collaboration of COTHM and Qasim Ali Shah Foundation. Later, renowned motivational speaker addressed the students and emphasized expanding one's horizon beyond textbooks, towards skills and specialization, and striving for unmitigated focus in the field of one's passion.

Speaking during the session, Shah says, "No matter how many obstacles you face in life, you can get up." The motivational session was a part of the capacity building program of COTHM students.

Qasim believes that when students are in action around their passions, they find their dreams can become a reality. He seeks to empower the next generation to embrace their abilities to create world-changing businesses, impactful non-profits or influential projects which are only possible if they start working to build a better version of themselves.
